Prevent Covid-19

Keep social distance

Stay at least 1.5 meters from others and avoid contact.

Practice hygiene

Cough/sneeze into elbow or tissue. Dispose and wash hands.

Wear a face mask

covering your mouth and nose in public places.

Avoid touching your mouth, nose and eyes

Always clean and disinfect

frequently touched places, and objects.

When ill, stay at home

Except in cases where medical care is needed.

Frequently wash hands

with soap and water. Sanitise often using alcohol rub.

Please practice these tips and help prevent the spread of Covid-19.

Stay Safe
